SIMPLIFIED DRUG TESTING PROCEDURES

A drug test from an approved lab, certified as negative by a licensed physician, is now required for any license or document transaction with the Coast Guard if that transaction requires a physical. Sounds simple! It is if you follow the step by step procedures:

- 1. Contact a licensed physician (MD or DO only) and ask if he or she can arrange for a drug test approved by the Department of Transportation (DOT). The test must be by a lab authorized by Substance Abuse and Mental Health Services Administration (SAMHSA).
- 2. Verify that the physician has been trained and certified by the appropriate federal agency in drug testing procedures. A new Federal Regulation requires that physicians receive special training before they can act as Medical Review Officers (MROs). Physician must identify the qualifying organization and registration number in the lower right corner of the Periodic Drug Testing Form.
- 3. If yes to both 1 and 2 above, ask costs. If satisfactory, go have it done.
- 4. Make sure that the lab name AND location is on the list provided. If it is not, it is unacceptable. The test can only be for the 7 listed drugs (regulations changed from 5 to 7 during 2010). No more, no less! ONLY the 7 drugs listed can be tested for. The official USCG form still only shows 5, but all approved labs test for the 7 as required.
- 5. Collection personnel send the urine sample (urine, not blood) to one of the approved labs at one of their approved locations.

This test must be done "Blind." That means the lab only has a control number and physician information to return the results to. Labs cannot have your name or address. That's why you need to find a physician or collection organization that knows what to do. Approved drug consortiums are an ideal source to use. You can't go directly to one of the labs on the approved list.

- 6. Lab runs the test and returns the results to the doctor.
- 7. Doctor matches up the lab results with your information and fills out the proper form **completely**.
- 8. Doctor sends the form to you, not to the USCG. Photocopies are acceptable to the USCG.
- 9. You submit the form to the Coast Guard with the rest of your paperwork. Do not send the lab report to the Coast Guard. Drug tests must be less than 6 months old, physicals less than one year old.

SUMMARY:

- 1. Find a doctor willing and ABLE to do the drug test
- 2. Check the form received from the doctor to be sure it is properly and completely filled out
- 3. Submit the form to the Coast Guard with other required paperwork

A list of approved labs and their approved locations is available for your physician by mail or fax. The list is for your physician's use only. You may not contact the approved lab directly.

WHEN DO YOU NEED A DRUG TEST FOR THE COAST GUARD?

Every transaction involving:

- 1. Original license application
- 2. Renewal of License (except continuity renewal)
- 3. Raise of Grade of License (does not include gross tonnage increase in scope)
- 4. Pilots (every year with physical)
- 5. Original Merchant Mariner Document (MMD) (Ordinary, AB, QMED, Tankerman, etc.)
- 6. First endorsement as AB, QMED, Tankerman, etc.
- 7. Renewal of MMD (except continuity renewal)

Substitute for Drug Test

Letter from company or drug consortium showing:

- 1. Evidence of passing the **proper** test within the previous 6 months with no positive test since,
- 2. Evidence of being subject to a **Maritime** random testing program for at least 60 of the previous 185 days, and did not fail, and did not refuse to test.

NOTE: If employed in the maritime field, mariners need to be subject to random testing. This can be a company sponsored plan or outside consortium (a group of individuals banding together, sponsored by an organization).

Drug tests (or letters of compliance from consortiums) need to be less than 6 months old when submitted. Physicals, when required, need to be less than one year old for most transactions. Raises of Grade require a valid Medical Certificate or, if not available, a new physical.

Our Professional Captain's Consortium, APCA, will help you fulfill the USCG license requirements and stay compliant.
